CIRCULAR

My Dear Students,

As you are aware that unrest among employees with regard to their compensation has led us to switch to online mode so that our students do not face hardship and their education does not suffer unnecessarily.

We are in the process of resolving the situation on priority basis and will provide a fair chance to the students to cope up with the semester timelines without compromising on quality.

We expect your patience and cooperation in this regard. Thank you.

for  C.H.
